

THREE RECORDS FOR MR. WRIGHT

American Aeroplanist Makes
Two Successful Flights
at Fort Myer.

LARGE CROWD IS PRESENT

COMMENT OF COL. JAMES TEM-
PLAR OF BRITISH ARMY.

Washington, Sept. 12.—In two flights at Fort Myer this afternoon Orville Wright, in the "Wright flyer," broke three records. Staying up nine minutes and six and one-half seconds in the first flight, in which Major George O. Squiers, acting chief signal officer, accompanied him. Mr. Wright broke the record for a two-man flight, which he established on Tuesday. The first flight was at 4:29 o'clock.

In the second flight, which started at 5:17, Mr. Wright broke the record for time and distance of a heavier-than-air flying machine, which he established yesterday by remaining in the air for one hour, fourteen minutes and twenty-four seconds. In this flight he also went higher than an aeroplanist has ever gone, rising to an altitude of 250 feet.

Mr. Wright also maintained a higher

DON'T WASTE MONEY ON "FAT" DOCTORS!

Anybody Can Reduce Fat at Home.

If you are fat and wish to reduce quickly don't go to a self-styled obesity "doctor"; be your own specialist. Appropriate to your own use the simple instructions given here and you will be as capable a fat-reducing expert as there is in the land. The qualifications are few and the expense trifling. Secure from your druggist one unbroken ounce package of Marmola, one-half ounce Fluid Extract Cascara Aromatic, and three and one-half ounces of Peppermint Water, all of which are both cheap and plentiful in any drug store. Take them home and mix them together by shaking well in a large bottle. You are now ready to become a successful fat reducing specialist without further training or preparation. Simply take a teaspoonful of this pleasant mixture after each meal and at bed time, and you will make more progress taking off your excess flesh in thirty days than all the "experts" in the land could accomplish in half a year. This method of getting rid of flesh is, moreover, not only sure and safe, but appeals strongly to the average fat person, man or woman, for it gets results without interfering with one's diet or lazy habits—it does the work of exercise.

speed than in his other flights at Fort Myer, traveling around the drill grounds at the rate of 38.75 miles an hour in the first flight, when Major Squiers accompanied him. The distance of this flight was 5.38 miles.

In today's flight Mr. Wright broke the world's record for time and distance for the fifth time this week.

A crowd of 5,000 persons gathered to witness today's flights, and their enthusiasm knew no bounds. It was all the cavalry detailed to guard the aeroplanes from damage could do to keep the crowd back. They cheered Mr. Wright until he went away in the signal corps automobile.

Noted Onlookers.

Colonel James Templar, former chief of the aeronautical division of the British army, who has been sending reports to his government on his observations of aerial flight in this country, was one of the most interested spectators at Fort Myer today. Octave Chanute, the pioneer aeronaut; Major Fournier, the French military attaché, and numerous others were present today.

After the flights Colonel Templar said: "I have always believed in the Wright brothers, although I had never witnessed any of their flights before. I am sure that Mr. Wright could fly in the machine he is now using to New York and back to Washington in one night, without making any stops for fuel. Just think what this would mean in time of war."

"These aerial flyers are an advancement in warfare and will lead to general pacification, I believe. The British army has been making experiments with aeroplanes for some time, but I am not at liberty to say what has been accomplished. I think within a month something will be heard from us. We have an American, F. S. Cody, and Captain Dunn of our army, who have been making experiments for some time. The Wright brothers are the pioneers, though, and they are perfect."

ENTERTAINED AT LUNCHEON

Officials of Carpenters' Organization
Meet Entertainment Committee.

National President W. T. Huber of the Brotherhood of Carpenters and Joiners, and National Treasurer Neale were entertained at luncheon yesterday at the Commercial club by the members of the sub-committee on entertainment of the joint committee from the Commercial club and the Salt Lake branch of the brotherhood, which has charge of the arrangements for the entertainment of the delegates to the convention of the brotherhood, which opens in Salt Lake Sept. 21. Those present at the luncheon were Messrs. Huber and Neale, William Wilson, Fred Ellis, Charles F. Warren, H. P. Clark and Fisher Harris.

The sub-committee on entertainment will meet at noon today at the Commercial club.

The joint committee will meet tomorrow night.

If Your Brother

Were in the retail merchandising business in Salt Lake you would make it a point to purchase of him what you needed in his line, would you not?

That's the idea. In the broad sense we are all brothers who live here.

And that is why we should buy home made products. It's a case of helping one another. When you buy an article that is manufactured in Salt Lake you are helping indirectly those who labor to produce it.

If you drink beer, why not use that peerless brand,

FISHER BEER?

INVEST YOUR MONEY AT HOME BY BUYING ORCHARD LANDS

Five and Ten-Acre Tracts

On the Famous Mapleton-
Spanish Fork Bench

Five miles southeast from Springville, on the main line of
R. G. W. Ry., only two hours' ride from Salt Lake City.

260 acres. 19 1/2 acres is good hay and grain land. This amount is under cultivation, and is all irrigated.

240 1/2 acres is cattle range adjoining farm. Has three large springs, and several smaller ones. Owner pastures as many as 200 head horses and cattle until September, and there is good feed until late fall for at least 20 head.

IMPROVEMENTS—3-room frame dwelling house, spring water for culinary use, 1/2-acre bearing orchard (Elberta peaches, fine apples and plums) also enough strawberries and raspberries for family. Cellar, granary, coops, stable, and farm all fenced.

Located 1/2 mile east of Springville corporate limits. On good roads, front street lighted with electricity.

The springs alone would be worth purchase price asked if developed and brought down to town.

Price, \$4,500. All cash.

30 acres all finest farm land. Fenced, and well watered. 5-room brick house, well, cellar, 1/2 acre orchard, granary, barn, coops, and, in fact, everything in tip-top shape. Owner is too old to work.

On Mapleton, Spanish Fork Bench, 4 miles from Springville, 2 miles from Mapleton schools, 1 mile from railroad station, "The Orchards," \$5,000. \$2,000 cash, \$1,000 in spring, 1909; \$1,100 two years, at 8 per cent; remainder five years or longer if desired, at 8 per cent interest.

FOR SALE IN CHESTER, SANPETE COUNTY—Farm 114 acres, in timothy, lucerne, about 80 acres under cultivation, soil very rich, will raise fine crops of grain, beets, etc. 33 acres of fine meadow land.

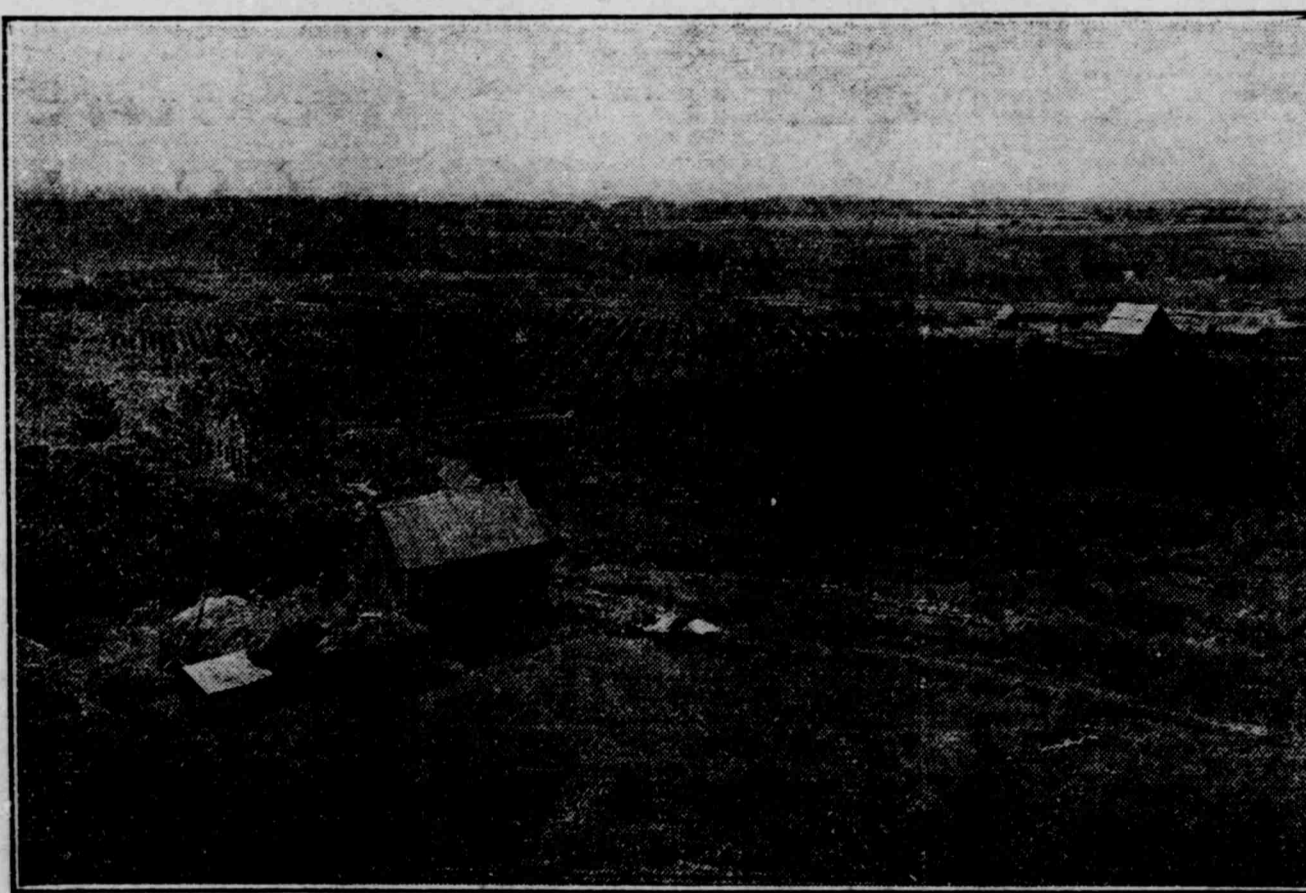

Land all fenced, the 7-room, cement cellar, fine shade and fruit trees, lawn, etc. Good barn, will hold 30 tons of hay and 15 head of horses, cows, poultry house, which is large enough for 300 chickens, granary, buggy shed, etc.

Good pig pens, 2 large flowing wells, one sulky plow, one harrow, two hand plows, one grain drill, one mower, one hay rake, half interest in new binder, 9 cows, 5 spring calves, 2 yearling colts, 2 spring colts, 1 large work team and 30 tons of hay.

Fine AI water right. One mile from railroad. Half a mile from school.

Land valued at \$100 per acre. Only \$7,500 cash.

120-acre farm, 40 acres very best farm land, 40 acres not broken, 40 acres fine meadow, independent water right, three flowing wells, 8-room house, barns, granary, wagon and machine sheds, farm implements. Owner has harvested \$2,000 hay and grain per year besides other products. The owner has died and place must go at a great sacrifice. Only \$4,500. Half cash.

Land for Sale

\$125.00 to \$150.00 an Acre

Why pay from \$400.00 and up for an acre of fruit land, when you can get just as good for the above low prices?

Only one frost in 30 years is their proud boast. Fruit trees when 5 years old yield from \$400.00 and up per acre, and your money will be where you can watch it grow.
